## HIGH LINE

*High Line features 8 mouldings with neutral tones of white, silver, grey, and charcoal. The profiles are finished with a matte wash then rubbed to create a worn texture exposing highlights. The edges are contrasted with bright silver leaf. The distressed texture paired with the collection's neutral palette creates an overall look that is right in line with modern decorating trends featuring urban/industrial art and design.*

◀ High Line was showcased at the 2017 West Coast Art & Frame show
